REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record taken either singly or in combination fails to anticipate or fairly suggest the limitations which the Applicants claim in claim 1 in a manner which would warrant a rejection under 35 U.S.C. § 102 or 35 U.S.C. § 103.

There was no prior art found by the examiner that suggested modification or combination with the cited prior art so as to satisfy the combination of the present independent claim 1; especially, the prior art does not disclose at least one optical component placed on a support, the optical component comprising an active layer, at least one confinement layer and at least one electrical contact contacting the confinement layer; wherein a thermal sensor comprising a temperature-dependent resistive material which extends over the at least one confinement layer, at the side of the electrical contact of the optical component.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

EXAMINER'S COMMENT

2. Figures 1-3 should be labeled "Prior Art".
